As someone who enjoys a good balance of euphoria and relaxation, this strain really delivered. Right out of the jar, the buds are visually appealing – dense, frosty, and with some lovely hints of purple mixed in with the vibrant greens. The aroma is truly a standout. It lives up to the "Runtz" name with a distinct sweet and fruity scent, almost like candy, but with a subtle earthy undertone that adds depth. Some might pick up on a bit of a skunky or gassy note, but it's well-balanced by the sweetness.
