Buy 10ft DNV Offshore Containers Online.

Buy 10ft DNV Offshore Containers Online from Long Beach Offcoast Port at the best rates. Our 10ft DNV offshore containers are generally built for oil & gas platforms and offshore use. These are not really for general 'onshore' use. DNV offshore containers typically come complete with certified lifting slings (this unfortunately is not always the case, if slings are essential it must be made clear on your enquiry / before point of order).
